**Subject:** Clothianidin CFS Final Report

All,

I just uploaded a digital copy of the final report for the clothianidin colony feeding study to the shared drive. It is located on the shared drive under the folder H:\Clothianidin. Paper copies should arrive later this week, however with the expected front-end process it could be 2-3 weeks before a stamped/MRID version is available. As soon as I receive it, it will be formally beamed to EFED. Please let me know if anyone has any questions or difficulties with the file.
